INFORMATION for PARENTS

Your teen has the opportunity to spend 11-days on a discerning adventure in mission with The GO Project, which was born out of deep prayer. It is a response to years of discernment from various young peoples experiences of mission and outreach programs. While there are fantastic programs available, there are few that respond to the unique ministry and mission of the United Church of Canada and their partners.

Who is The GO Project?

We believe that youth ministry is unique and that unique youth require unique programs. The vision of the GO project stems from experiences of youth and their leaders being challenged by mission programming that did not include their understanding of Christ, inclusion of all, acceptance of difference and a questioning atmosphere.

Why Vancouver as a GO Site?

Ryerson United Church is located in the heart of the west side of Vancouver, in the historic community of Kerrisdale. To the West is the University of British Columbia campus; the Fraser River and Richmond are to the South; Kitsilano, Jericho and Spanish Banks beaches, Granville Island, downtown Vancouver and the local mountains are all closely located to the North.

The congregation has been meeting in its present location since November of 1911, when the congregation began as Kerrisdale Methodist Church. It was then renamed Ryerson United Church in 1925 with the formation of the United Church of Canada. Two years later, the cornerstone of the current church building was laid. Today, the congregation consists of members from across the Lower Mainland – many who live right in the local area and others who travel from communities around the city to worship at Ryerson.

Ryerson United Church is a caring, inclusive and diverse Christian community that believes in and lives out the nurturing of many unique ministries in the world. It practices this belief through various ministry and outreach programs, such as soup making, two annual thrift sales, meal-a-month and Saturday Night fellowship.

The GO Project has an opportunity to be a part of this change!

Safety and communication are top priorities.

The GO Project sets up safe sites in which youth can do real mission ministry and encounter the Holy. A well-trained, organized staff runs the site. The staff lives in the community all summer long, creating relationships and becoming very familiar with the area. Additionally, The GO Project requires that each group provide adult leaders to offer mentorship, love and support for youth.

vancouver

We are so excited that your son or daughter will be attending the Vancouver GO Project site this summer. We pray that they will have the opportunity to discern for themselves how they may better serve the community they are coming from. It is our hope that their participation in this leadership and faith-oriented experience, will engage their desire to serve and spark further growth of their personal sense of the Holy. We know that it can be a difficult experience to entrust your teenager to this kind of experience. As you send them off to this life changing experience, here is some information that may make it easier for you. Your teen's leader has received further information should you have any questions.
